Thank you for your reminder.

I have comments regarding the placement of the polling station in Parklands Leisure Centre.

Residents have complained of the remoteness in relation to where residents live in fact the nearest voters have to vote elsewhere. The long walk up the drive for pedestrians has been mentioned. It would be more convenient if the polling station was returned to Coombe Park Pavilion as pre pandemic.

I hope this is helpful

Kindest regards

Jeffrey

Dear Samuel

I agree with what Jeffery Kafman has said about Parklands and would also add that if residents do go there by car they will have to pay to park the cars.

For local residents Coombe park has worked just fine

Kind Regards
