**Council.**

The Chair addressed a question raised by a Resident concerning how much it cost the Council to address a grievance. This was in light of the Council having had to make a £700,000 saving of Government cuts.

The Chair stated as follows:

The Local Authority placed money in a budget which covered all, grievances, disciplinaries and investigations.

All funds came out of earmarked reserves.

**Finance**

There was a 2% or £5.00 raise in Band D Council Tax., as from 2020 the Government will be withdrawing all grants from the Council.

Since 1991 The Council's budget has been balanced. This was done through back office savings. Between now and the end of the decade the Council will need to save another £700,000. It was noted that further staff reductions could lead to inefficiency.

The Change Management Committee has addressed what recommendations it will make to full Council to make savings over the next three years. The Chair was open to providing future a presentation on this once the grievances have all been concluded. There was a statement available from t the Council's Solicitor covering this.

None of the Councillors have been involved in the negotiations regarding the grievances. This dated back to 2015 and was a dispute between middle management and Senior Management and was work related. The LGA (Local Government Association) was approached by the Local Authority to advise on this matter.

An investigation was ongoing and lawyers involved. None of the grievances were deemed to be substantial. This led to disciplinary issues and Councillors have not been told a great deal. Councillors do not get involved in operational issues.

The impact of the Council `s frontline services delivered to Residents have not changed. This impact was down to the diligence of staff who should be thanked for this.

Councillor H, Loydall, proffered a big thank you to staff for their diligence in carrying out their duties.

Recent upset was caused by various media comments about the Council.

Attacks were made on this Council and sought it to undermine staff working. A redacted report was circulated on the internet for all to access.

Some Residents expressed their thanks to Councillors for their response to this issue The Chair gave the example of how staff worked as late as 8pm due to the impact of Storm Doris in; the Meadows and Brocks Hill to address severe tree damage.

**Changes to Bus Services in Wigston.**

A Resident asked if there were to be changes to Bus 49a. Bus 49a will no longer be running. It will be replaced by buses 44 and 44a. It was expressed that this may cause great difficulty to those who may have to catch two

buses. To get to a GP (General Practitioner). This change will begin April 23<sup>rd</sup> 2017. This was due to market forces.

The Outer Circle bus service, which leads to the Hospital, was not to be cut.

### **Pelican Crossing Light Change**

Councillor Charlesworth will investigate why the Pelican light at Bull Head Street changed and the signal with the hearing function was not operating. One further up was also without an audible signal.

### **Bell Street Bins**

Bell Street bins were stuffed with square boxes in a round opening. It was added that the Council would be changing to square bins over time.

### **Premier Drum Building.**

A planning application was submitted to purchase the old Premier Drum building. This building will be turned into a Lidl shopping outlet if approved.

### **Paddock Street**

The tatty bus shelter may not be removed before there is surety there was enough space under the new bus shelter. This shelter was used by the coach service for holiday pick-ups. Removal was therefore pending but it would not be painted.

### **Newton Lane**

There were potholes in Newton Lane It was expressed that it took ninety days to mend a pothole. This depended on its width and depth. This hole was reported. Action would be taken after a County Council risk assessment.

### **Drain clearing and roots in drains.**

The drain by Macdonald's was either a Severn Trent or County Council issue. The main drain belonged to Seven Trent Water Authority. There will be a report coming on this on June 1<sup>st</sup> 2017.

	<p><b>Barrier at Moat Street.</b></p> <p>The barrier at Moat Street was out. It will not be replaced earlier than ninety days. This was raised as a safety issue.</p> <p><b>Military Parade in the Borough.</b></p> <p>There was a meeting planned for March 22<sup>nd</sup> 2017 of the Armed Forces Working Group. There was to be an event in each Town Centre. Oadby and Wigston have had theirs. There should be a military march on August 6<sup>th</sup> 2017. There will be a big event in South Wigston to mark the end of the First World War.</p> <p>The Council marks Remembrance Sunday and the service in Peace Park. Peace Park has organised a service for November 11<sup>th</sup> 2017.</p> <p><b>Wigston Civic Society Heritage Walk.</b></p> <p>The Heritage walk has been organised to mark the fiftieth anniversary of the Civic Society and the six conservation areas.</p> <p>On April 30<sup>th</sup> 2017 a planned walk was to take place around parts of the conservation areas.
