ITEMS RAISED BY RESIDENTS AND SUGGESTIONS FOR FUTURE ITEMS**ROAD TRAFFIC ISSUES**

It was suggested that double yellow lines be placed on the corner of Stoughton Road and a Keep Clear sign be placed at the end of The Yews. The blockage on the A6 is going to be resolved. Councillor Gamble is to be requested to provide an update on this at the next meeting.

Councillor Kaufman noted that the LCC may introduce charges for on-street parking. No details are available as yet.

BUSES ON COPSE CLOSE

Buses are waiting on Copse Close because parking is taking place on both sides of the pavement. The schools are working to reduce this problem.

ROAD SIGN SPEED CHECK MONITOR

There is a Road Sign Speed Check Monitor in Wigston. This is owned by the Little Hill Residents Association. A second Vehicle Activated Sign has been funded by the South Wigston Residents Forum. The signs collect data on speed, direction of travel of the vehicle and date. It warns drivers to slow down. The Monitor does not record accidents or take photos of vehicles.

Residents queried if having such a monitor in Oadby was feasible. The cost of the Vehicle Activated Sign is approximately £3000. To access the data it needs to be compatible with a laptop that has access to Bluetooth.

EDIBLE FOOD TRAIL

Alex Hewins presented on this item. He is proposing to take a bid on the Edible Food Trail to the Lottery. This item was brought as a means to gauge feedback on it before it is submitted to the Lottery Fund.

The project will support sustainable food growing groups across the Borough. The outcome of the project will be local people using key areas of public land to grow food which all residents can harvest. This will lead to improved health and wellbeing. All food crops will be available cost free. It will also help food banks to replenish their stocks and encourage local people to grow their own food. Common land would be used to plant fruit bushes and fruit trees, with some planting in planters. School children are to be involved in the project

Residents made the following suggestions for developing the proposal:

- Approach schools to use part of their land to grow crops.
- Ensure there is proper signage in supporting this project, so people know where the crop is located and that they are free to pick.
- Carry out an audit in Oadby as to where foraged food can be accessed.

Form a Friends of Coombe Park Group to help implement this project. Anyone interested in joining was asked to contact Councillor Jeffrey Kaufman via Jeffrey.kaufman@oadby-wigston.gov.uk.
