We would like Support Mr Lovetts letter. As regards prevention for public Nuisance

We have had a number of issues with the William Wygston . Since moving to this area .Which was four and a half years ago.

Our property is seperated from the above pub. By litrally inches.

After shortly moving in we had to endure a terrible noise that was coming from the mechanics and workings of the public house. Which just so happens to be at the bottom of our garden. This took us within the region of a whole year to sort out.Only with the help of the manageress who was working at the William Wygston at that time. Unfortunatly it meant we were unable to sit in our garden for the said period of time. We have constantly had to complain to the manager. With issues arising at the back of the building. As this area also ajoines the back of our property. The issues are. Noise very late at night into the early hours of the morning. Mainly with staff . One incident recently took place where. On one of the Many Numerouse occasions I have had to get out of my bed. And lean over the boundry wall To tell them to be quiet . Which is not ideal at 12 pm at night. The two chefs were arguing. I did go round the next day to complain to the management. Who explained she wasnt sure who was on that shift but she would try and find out. We also have noise as regards emptying beer barrels. Which can be from 12 PM and onwards.

We have also On numerouse occasions experienced loud music noise .

On one occasion my husband got out of his bed to go round at 2PM. In the morning. They had men working in the pub with drills. Which kept us awake all night.

We now have been told a beer garden has been proposed at the above site.

How much more noise will we have to tolarate from this area.?

Regards

Dear Sir

Reference to the letter Wigston

I write to object to the proposal

Beer garden: How are you going to

stop crime and disorder there

will be children smoking opium

and soon we will get ~~that~~

street litter with no money to stop

people leaving beer glasses in

the street and beer bottles we

are always picking them up and

putting them in the bin

We do not want to get in our

garden and listen to them yelling

and swearing and foul language

there will also be the cigarette  
smoke to contend with  
we have to put up with the  
noise of beer trolleys being stomped  
about at 10.30 to 11 o'clock at night  
then with added risk of children  
get hurt running from the beer  
garden to the cars that will  
park in the close

How are you going to stop the crime  
and disorder you are not a constable  
so the police sitting there every  
night of the week after all it  
is a residential area

yours faithfully

M. Ross
