The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit planning process. It is not a comprehensive record of all the relevant matters, which may be subject to change, and in particular we cannot be held responsible to you for reporting all of the risks which may affect the Authority or all weaknesses in your internal controls. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Grant Thornton UK LLP is a limited liability partnership registered in England and Wales: No.OC307742. Registered office: 30 Finsbury Square, London, EC2A 1AG. A list of members is available from our registered office. Grant Thornton UK LLP is authorised and regulated by the Financial Conduct Authority. Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. Services are delivered by the member firms. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.

Introduction

Your key Grant Thornton team members are:

Grant Patterson

Key Audit Partner

T 0121 232 5296

E grant.b.Patterson@uk.gt.com

Paul Harvey

Engagement Manager

T 0116 257 5589

E paul.m.harvey@uk.gt.com

This paper provides the Audit Committee with a report on progress in delivering our responsibilities as your external auditors.

The paper also includes:

- a summary of emerging national issues and developments that may be relevant to you as a local authority; and
- includes a number of challenge questions in respect of these emerging issues which the Committee may wish to consider (these are a tool to use, if helpful, rather than formal questions requiring responses for audit purposes)

Members of the Audit Committee can find further useful material on our website, where we have a section dedicated to our work in the public sector. Here you can download copies of our publications www.grantthornton.co.uk ..

If you would like further information on any items in this briefing, or would like to register with Grant Thornton to receive regular email updates on issues that are of interest to you, please contact either Grant or Paul.

Summary of Progress at September 2021

2019/20 Financial Statements Audit

We presented our Audit Findings Report for our 2019/20 audit of the Council's financial statements to the Audit Committee on the 28th July 2021. Following the receipt of the final version of the financial statements we issued our audit opinion and certificate on 9th August 2021.

2020/21 Financial Statements Audit

You published your draft financial statements for 2020/21 on the 26th August 2021.

Following completion of the 2019/20 financial statements audit and receipt of your draft financial statements for 2020/21 we have commenced our audit planning for the 2020/21 financial statements audit. This work is still at an early stage and expect to issue our Audit Plan at the end of October 2021.

We are currently planning to substantively complete our audit testing by 30th November and issue our audit opinion shortly afterwards.

Value for Money

The new Code of Audit Practice (the "Code") came into force on 1 April 2020 for audit years 2020/21 and onwards. The most significant change under the new Code is the introduction of an Auditor's Annual Report, containing a commentary on arrangements to secure value for money and any associated recommendations, if required.

The new approach is more complex, more involved and is planned to make more impact.

Under the 2020 Code of Audit Practice, for relevant authorities we are required to issue our Auditor's Annual Report no later than 30 September or, where this is not possible, issue an audit letter setting out the reasons for delay. As a result of the ongoing pandemic, and the impact it has had on both preparers and auditors of accounts to complete their work as quickly as would normally be expected, the National Audit Office has updated its guidance to auditors to allow us to postpone completion of our work on arrangements to secure value for money and focus our resources firstly on the delivery of our opinions on the financial statements. The extended deadline is now no more than three months after the date of the opinion on the financial statements. We are still required to issue a letter setting out for the reasons for the delay which is shown on page 9.

Please see pages 11 to 13 for further details on the new VFM approach.

Progress at September 2021 (continued)

Other areas

Certification of claims and returns

We certify the Authority's annual Housing Benefit Subsidy claim in accordance with procedures agreed with the Department for Work and Pensions (DWP). The certification work for the 2020/21 claim has started and is due to be completed by the revised 31st January 2022 deadline. We will report our findings to the Audit Committee as part of our progress reporting.

We also certify the Authority's annual Pooling of Housing Capital Receipts return in accordance with procedures agreed with the Ministry of Housing, Communities & Local Government. (MHCLG). The certification work for the 2020/21 return is due to begin in October.

Meetings

We met with Finance Officers in March, June and September as part of our quarterly liaison meetings and continue to be in discussions with finance staff regarding emerging developments and to ensure the audit process is smooth and effective.

Publications

Further details of the publications that may be of interest to the Authority are set out in our Sector Update section of this report.

Audit fees 2020/21

In 2018, PSAA awarded a contract of audit for Oadby & Wigston Borough Council to begin with effect from 2018/19. The fee agreed in the contract was £32,944. Since that time, there have been a number of developments, particularly in relation to the revised Code and ISA's which are relevant for the 2020/21 audit.

As referred to on page 4, the 2020/21 Code introduces a revised approach to our VFM work. This requires auditors to produce a commentary on arrangements across all of the key criteria, rather than the current 'reporting by exception' approach. Auditors now have to make far more sophisticated judgements on performance, as well as issue key recommendations if any significant weaknesses in arrangements are identified during the audit. We will be working with the NAO and other audit firms to discuss and share learning in respect of common issues arising across the sector.

The new approach will be more challenging for audited bodies, involving discussions at a wider and more strategic level. Both the reporting, and the planning and risk assessment which underpins it, will require more audit time, delivered through a richer skill mix than in previous years. Our estimate is that for your audit, this will result in an increased fee of £55,444. This is in line with increases we are proposing at all our local audits.

Additionally, across all sectors and firms, the FRC has set out its expectation of improved financial reporting from organisations and the need for auditors to demonstrate increased scepticism and challenge and to undertake additional and more robust testing, as noted in the number of revised ISA's issued by the FRC that are applicable to audits of financial statements commencing on or after 15 December 2019, as detailed in Appendix 1.

As a firm, we are absolutely committed to meeting the expectations of the FRC with regard to audit quality and public sector financial reporting. Our proposed work and fee for 2020/21, as set out below, is detailed overleaf.

Assumptions

In setting the above fees, we have assumed that the Council will:

- prepare a good quality set of accounts, supported by comprehensive and well presented working papers which are ready at the start of the audit
- provide appropriate analysis, support and evidence to support all critical judgements and significant judgements made during the course of preparing the financial statements
- provide early notice of proposed complex or unusual transactions which could have a material impact on the financial statements.

Relevant professional standards

In preparing our fee estimate, we have had regard to all relevant professional standards, including paragraphs 4.1 and 4.2 of the FRC's [Ethical Standard \(revised 2019\)](#) which stipulate that the Engagement Lead (Key Audit Partner) must set a fee sufficient to enable the resourcing of the audit with partners and staff with appropriate time and skill to deliver an audit to the required professional and Ethical standards.

	Actual Fee 2018/19	Actual Fee 2019/20	Proposed fee 2020/21
Oadby & Wigston Borough Council Audit	£36,444	£62,000	£55,444
Total audit fees (excluding VAT)	£36,444	£62,000	£55,444

Audit fees – detailed analysis

Scale fee published by PSAA	£32,944
<i>Ongoing increases to scale fee first identified in 2019/20</i>	
Raising the bar/regulatory factors	£2,500
Enhanced audit procedures for Property, Plant and Equipment	£1,250
Enhanced audit procedures for Pensions	£1,250
<i>New issues for 2020/21</i>	
Additional work on Value for Money (VfM) under new NAO Code	£9,000
Increased audit requirements of revised ISAs	£6,500
Issues in quality of accounts preparation and supporting working papers identified in 2019/20	£2,000
Total audit fees (excluding VAT)	£55,444

Please note, the proposed fees for 2020/21 set out above do not include any additional fees to reflect potential additional work necessary in 2020/21 due to Covid-19. We continue to monitor developments in this area and will update you accordingly as clarity emerges on its impact in the current year.

Audit letter in respect of delayed VFM work

Note that this letter does not form part of our formal communications under ISA 260 (Communication with Those Charged with Governance) but is included here for ease of reference.

Cllr Kevin Loydall,
Audit Committee Chair
c/o Democratic Services
Council Offices
Station Road
Wigston
Leicestershire
LE18 2DR

Dear Kevin, Chair of Audit Committee as TCWG,

Under the 2020 Code of Audit Practice, for relevant authorities other than local NHS bodies we are required to issue our Auditor's Annual Report no later than 30 September or, where this is not possible, issue an audit letter setting out the reasons for delay.

As a result of the ongoing pandemic, and the impact it has had on both preparers and auditors of accounts to complete their work as quickly as would normally be expected, the National Audit Office has updated its guidance to auditors to allow us to postpone completion of our work on arrangements to secure value for money and focus our resources firstly on the delivery of our opinions on the financial statements. This is intended to help ensure as many as possible could be issued in line with national timetables and legislation.

As a result, we have therefore not yet issued our Auditor's Annual Report, including our commentary on arrangements to secure value for money. We now expect to publish our report no later than 28 February 2022.

For the purposes of compliance with the 2020 Code, this letter constitutes the required audit letter explaining the reasons for delay.

Yours faithfully

Grant Patterson

Director and Key Audit Partner
for and on behalf of Grant Thornton UK LLP, Local Auditor

Sector Update

Authorities continue to try to achieve greater efficiency in the delivery of public services, whilst facing the challenges to address rising demand, ongoing budget pressures and social inequality.

Our sector update provides you with an up to date summary of emerging national issues and developments to support you. We cover areas which may have an impact on your organisation, the wider local government sector and the public sector as a whole. Links are provided to the detailed report/briefing to allow you to delve further and find out more.

Our public sector team at Grant Thornton also undertake research on service and technical issues. We will bring you the latest research publications in this update. We also include areas of potential interest to start conversations within the organisation and with audit committee members, as well as any accounting and regulatory updates.

The new approach to Value for Money

The nature of value for money work

Section 20 and 21 of the Local Audit and Accountability Act 2014 (the Act), require auditors to be satisfied that the body “has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources”. The auditor’s work on VFM arrangements is undertaken in accordance with the Code and its supporting statutory guidance. The Comptroller and Auditor General has determined through the 2020 Code and guidance that the key output from local audit work in respect of VFM arrangements is the commentary as reported in the Auditor’s Annual Report. It is therefore not a VFM arrangements ‘conclusion’ or an ‘opinion’ in the same sense as the opinion on the financial statements themselves. The Act and the Code require auditors to consider whether the body has put in place ‘proper arrangements’ for securing VFM. The arrangements that fall within the scope of ‘proper arrangements’ are set out in ‘AGN 03 Auditors’ work on VFM arrangements’, which is issued by the NAO. When reporting on these arrangements, the Code requires auditors to structure their commentary on arrangements under three specified reporting criteria:

Financial sustainability

How the body plans and manages its resources to ensure it can continue to deliver its services, including how the body:

- ensures that it identifies all the significant financial pressures that are relevant to its short and medium-term plans and builds these into them;
- plans to bridge its funding gaps and identifies achievable savings;
- plans finances to support the sustainable delivery of services in accordance with strategic and statutory priorities;

- ensures that its financial plan is consistent with other plans such as workforce, capital, investment, and other operational planning which may include working with other local public bodies as part of a wider system; and
- identifies and manages risks to financial resilience, e.g. unplanned changes in demand, including challenge of the assumptions underlying its plans.

Governance

How the body ensures that it makes informed decisions and properly manages its risks, including how the body:

- monitors and assesses risk and how the body gains assurance over the effective operation of internal controls, including arrangements to prevent and detect fraud;
- approaches and carries out its annual budget setting process;
- ensures effective processes and systems are in place to ensure budgetary control; to communicate relevant, accurate and timely management information (including non-financial information where appropriate); supports its statutory financial reporting requirements; and ensures corrective action is taken where needed;
- ensures it makes properly informed decisions, supported by appropriate evidence and allowing for challenge and transparency. This includes arrangements for effective challenge from those charged with governance/audit committee; and
- monitors and ensures appropriate standards, such as meeting legislative/regulatory requirements and standards in terms of officer or member behaviour (such as gifts and hospitality or declarations/conflicts of interests).

The new approach to Value for Money

Improving economy, efficiency and effectiveness

How the body uses information about its costs and performance to improve the way it manages and delivers its services, including:

- how financial and performance information has been used to assess performance to identify areas for improvement;
- how the body evaluates the services it provides to assess performance and identify areas for improvement;
- how the body ensures it delivers its role within significant partnerships, engages with stakeholders it has identified, monitors performance against expectations, and ensures action is taken where necessary to improve; and
- where the body commissions or procures services, how the body ensures that this is done in accordance with relevant legislation, professional standards and internal policies, and how the body assesses whether it is realising the expected benefits.

VFM arrangements commentary and recommendations

The new approach to Value for Money

The table below details what will be reported in the Auditor's Annual Report:

Section of report	Content
Commentary on arrangements	An explanation of the VFM work that has been undertaken during the year, including the risk assessment and any further risk-based work. It will also highlight any significant weaknesses that have been identified and brought to the body's attention. The commentary will allow auditors to better reflect local context and draw attention to emerging or developing issues which may not represent significant weaknesses, but which may nevertheless require attention from the body itself.
Recommendations	Where an auditor concludes that there is a significant weakness in a body's arrangements, they report this to the body and support it with a recommendation for improvement.
Progress in implementing recommendations	Where an auditor has reported significant weaknesses in arrangements in the previous year, the auditor should follow up recommendations issued previously and include their view as to whether the recommendations have been implemented satisfactorily.
Use of additional powers	Where an auditor uses additional powers, such as making statutory recommendations or issuing a public interest report, this should be reported in the auditor's annual report.
Opinion on the financial statements	The auditor's annual report also needs to summarise the results of the auditor's work on the financial statements.

The table below details the three types of recommendations that auditors can make. Auditors may make recommendations at any time during the year.

Type of recommendation	Definition
Statutory recommendation	Where auditors make written recommendations to the body under Section 24 and Schedule 7 of the Local Audit and Accountability Act 2014. A recommendation of this type requires the body to discuss and respond publicly to the report.
Key recommendation	Where auditors identify significant weaknesses in a body's arrangements for securing value for money, they have to make recommendations setting out the actions that the body should take to address them
Improvement recommendation	Where auditors do not identify a significant weakness in the body's arrangements, but still wish to make recommendations about how the body's arrangements can be improved

Insight into accounting for grants in local government financial statements – Grant Thornton

The government has provided a range of financial support packages throughout the COVID-19 pandemic.

We have issued a brief bulletin aimed at helping local government bodies identify the key things they should consider when determining the accounting treatment for these grants in their financial statements for 2020/21.

There are no changes to the accounting treatment for grants as required by the CIPFA Code of Practice on Local Authority Accounting. What has changed, is the extent of additional funding to support the cost of services, to offset other income losses along with grant packages to be paid out to support local business. Local authorities need to consider the nature and terms of the various COVID-19 measures in order to determine whether there is income and expenditure to be recognised in the Comprehensive Income and Expenditure Statement in 2020/21.

The report highlights the factors to consider, including:

- Where the funding is to be transferred to other parties, is the authority acting as principal or as agent?
- Are there grant conditions outstanding?
- Is the grant a specific or non-specific grant?

Our bulletin provides you with links to further information on the various support packages and summarises features that may be relevant to your judgements as you determine the appropriate accounting treatment.

Local authorities need to demonstrate their judgements on the accounting treatment to be reasonable and soundly based and, where these have a significant effect on the accounts, to ensure they include sufficient disclosures to meet the requirements of IAS 1:122.

Please ask your audit manager for the full report:

What can be learned from Public Interest Reports? – Grant Thornton

2020 will be remembered as a tumultuous year in local government, with the pandemic creating unprecedented pressure on the sector. It also saw the appearance of two Public Interest Reports (PIRs), followed by another in January this year – the first to be issued in the sector since 2016. PIR's can be issued by local auditors if there are significant concerns around council activity, such as major failings in finance and governance.

The recent PIRs have made headlines because, up to this point, very few have ever been issued. But, as our latest report “Lessons from recent Public Interest Reports” explores, all three illustrate some of the fundamental issues facing the wider sector and provide a lesson for all local authorities around: weaknesses in financial management; governance and scrutiny practices; and council culture and leadership; which, when combined, can provide fertile ground for the kind of significant issues we might see in a PIR.

The COVID-19 pandemic highlighted four essential factors we probably always knew about local government, have often said, but which are now much better evidenced:

- 1) Local government has provided fantastic support to its communities in working with the NHS and other partners to deal with the multifaceted challenges of the pandemic.
- 2) Britain's long centralised approach to government has been exposed to some degree in terms of its agility to tailor pandemic responses to regional and local bodies. This is recognised by the current government who continue to pursue the options for devolution of powers to local bodies. Track and Trace delivered centrally has not been as successful as anticipated and, according to government figures, local interventions have had more impact.

- 3) Years of reduced funding from central government have exposed the underlying flaws in the local authority business model, with too much reliance on generating additional income.
- 4) Not all authorities exercise appropriate care with public money; not all authorities exercise appropriate governance; and not all authorities have the capability of managing risk, both short and long term. Optimism bias has been baked into too many councils' medium-term plans.

The PIRs at Nottingham City Council (August 2020), the London Borough of Croydon (October 2020), and Northampton Borough Council (January 2021) are clear illustrations of some of the local government issues identified above. The audit reports are comprehensive and wide-ranging and a lesson for all local authorities. Local authorities have a variety of different governance models. These range from elected mayor to the cabinet and a scrutiny system approach, while others have moved back to committee systems. Arguments can be made both for and against all of these models. However, in the recent PIR cases, and for many other local authorities, it's less about the system of governance and more about how it operates, who operates it and how willing they are to accept scrutiny and challenge.

There are a number of lessons to be learned from the recent PIR reports and these can be broken down into three key areas which are explored further in our report:

- 1) The context of local government in a COVID-19 world
- 2) Governance, scrutiny, and culture
- 3) Local authority leadership.

The full report is available here:

[Lessons from recent Public Interest Reports | Grant Thornton](#)

Annual Transparency Report – Grant Thornton

As auditors of several listed entities as well as nearly one hundred major local audits, we are required as a firm to publish an annual transparency report.

The report contains a variety of information which we believe is helpful to audit committees as well as wider stakeholders. The Financial Reporting Council (FRC) in their thematic review of transparency reporting noted that they are keen to see more Audit Committee Chairs actively engaging and challenging their auditors on audit quality based on the information produced in Transparency reports on a regular basis. We agree with the FRC and are keen to share our transparency report and discuss audit quality with you more widely.

The transparency report provides details of our:

- Leadership and governance structures
- Principle risks and Key Performance Indicators
- Quality, risk management and internal control structure
- Independence and ethics processes
- People and culture
- Compliance with the Audit Firm Governance code and EU Audit directive requirements

We have made significant developments in the year as part of our Local Audit Investment Plan to improve our audit quality. We welcome an opportunity to discuss these developments and our transparency report should you wish.

The full report is available here:

[Transparency report 2020 \(grantthornton.co.uk\)](https://www.grantthornton.co.uk/transparency-report-2020)

Local authority Covid-19 pressures – MHCLG

Outturn figures from the Ministry for Housing, Communities and Local Government (MHCLG) show that local authorities in England reported additional cost pressures of £12.8bn relating to Covid-19 in 2020-21. Overall, local authorities spent £7.2bn responding to the pandemic last year, with the largest share of additional expenditure going on adult social care services at £3.2bn.

Additional expenditure due to COVID-19 by class and service area (£ millions) (2020-21)

	Shire District	Shire County	Unitary Authority	Metropolitan District	London Borough	Total
Adult Social Care – total	0.473	1,254.880	848.656	663.404	413.842	3,181.254
Children's social care - total (excluding SEND)	0.000	94.933	131.127	89.799	62.987	378.846
Housing - total (including homelessness services) excluding HRA	63.129	5.254	74.949	42.281	112.971	298.584
Environmental and regulatory services - total	33.564	68.097	67.512	66.704	63.556	299.433
Finance & corporate services - total	48.222	53.445	83.984	76.923	78.284	340.858
All other service areas not listed in rows above	184.550	634.578	584.924	564.737	395.137	2,363.926
Total	329.937	2,111.187	1,791.153	1,503.848	1,126.777	6,862.902

The figures are available in full here: <https://www.gov.uk/government/publications/local-authority-covid-19-financial-impact-monitoring-information>

Income losses due to COVID-19 by class and source of income (£ millions) (2020-21)

	Shire District	Shire County	Unitary Authority	Metropolitan District	London Borough	Total
Business rates	276.498	0.000	194.192	207.351	537.667	1,215.708
Council tax	399.037	0.000	217.633	191.219	232.727	1,040.616

Government response to Redmond review – MHCLG

Government has published an update on the Ministry of Housing, Communities & Local Government response to Sir Tony Redmond's independent review into the effectiveness of external audit and transparency of financial reporting in local authorities.

The MHCLG press release states “The Audit, Reporting and Governance Authority (ARGA) – the new regulator being established to replace the Financial Reporting Council (FRC) – will be strengthened with new powers over local government audit, protecting public funds and ensuring councils are best serving taxpayers.

The new regulator, which will contain a standalone local audit unit, will bring all regulatory functions into one place, to better coordinate a new, simplified local audit framework.

ARGA will continue to act as regulator and carry out audit quality reviews as the FRC does now. It will now also provide annual reports on the state of local audit and take over responsibility for the updated Code of Local Audit Practice – the guidelines councils are required to follow.

The government has confirmed that the Public Sector Audit Appointments (PSAA) will continue as the appointing body for local audit, in charge of procurement and contract management for local government auditors.

In the immediate term, MHCLG will set up and chair a Liaison Committee, which will comprise senior stakeholders across the sector that will oversee the governance of the new audit arrangements and ensure they are operating effectively.”

The press release goes on to state the “measures finalise the government's response to Sir Tony Redmond's independent review into local audit, carried out last year.

The government has already announced £15 million to support councils with additional costs in audit fees, and recently consulted on the distribution of this funding. Government is also consulting on improving flexibility on audit fee setting and has extended the deadline for when councils must publish their audited accounts.

The press release can be found here:

<https://www.gov.uk/government/news/government-publishes-update-to-audit-review-response>

2019/20 audited accounts – Public Sector Audit Appointments

In December 2020 Public Sector Audit Appointments (PSAA) published figures relating to the audit of 2019/20 local authority financial statements.

PSAA report “Audit arrangements in local councils, police, fire and other local government bodies are continuing to exhibit signs of stress and difficulty. In the latest audit round, focusing on 2019/20 financial statements and value for money arrangements, fewer than 50% of bodies’ audits were completed by the revised target of 30 November.

Figures compiled by PSAA, the organisation responsible for appointing auditors to 478 local bodies, reveal that 55% (265) of audit opinions were not issued by 30 November. This is a further deterioration on 2018/19 audits when 43% of opinions (210 out of 486) were delayed beyond the then target timetable of 31 July.”

By 30 November, Grant Thornton had signed 113/208 audits (a 55% completion rate), meaning that only 45% of audit opinions were not signed by 30 November, compared to the 55% all firms average.

PSAA go on to note “This year’s timetable has been deliberately eased by Ministers in recognition of the underlying pressures on the audit process and the significant added complications arising from the Covid-19 pandemic. The pandemic has posed practical challenges for bodies in producing accounts and working papers, and for auditors to carry out their testing. Both sets of staff have had to work remotely throughout the period, and the second national lockdown came at a critical point in the cycle.

Questions and concerns about the potential implications of the pandemic for some bodies have meant that both finance staff and auditors have needed to pay particular attention to the financial position of each entity. Additionally, following a series of increasingly challenging regulatory reviews, auditors have arguably been more focused than ever on their professional duty to give their opinion only when they are satisfied that they have sufficient assurance.”

The news article can be found here:

[News release: 2019/20 audited accounts – PSAA](#)

Consultation on 2023-24 audit appointments – Public Sector Audit Appointments

Public Sector Audit Appointments (PSAA) is consulting on the Draft prospectus for 2023 and beyond.

PSAA state “Our primary aim is to secure the delivery of an audit service of the required quality for every opted-in body at a realistic market price and to support the drive towards a long term competitive and more sustainable market for local public audit services.

The objectives of the procurement are to maximise value for local public bodies by:

- securing the delivery of independent audit services of the required quality;
- awarding long term contracts to a sufficient number of firms to enable the deployment of an appropriately qualified auditing team to every participating body;
- encouraging existing suppliers to remain active participants in local audit and creating opportunities for new suppliers to enter the market;
- encouraging audit suppliers to submit prices which are realistic in the context of the current market;
- enabling auditor appointments which facilitate the efficient use of audit resources;
- supporting and contributing to the efforts of audited bodies and auditors to improve the timeliness of audit opinion delivery; and
- establishing arrangements that are able to evolve in response to changes to the local audit framework.”

The plans include proposals to adjust the procurement ratio between quality and costs from an equal 50:50 to 80:20, as well as trying to bring new suppliers in to the market.

The consultation on the PSAA’s proposals closes on 8 July.

Councils given power to build more homes for first time buyers and for social rent – MHCLG

The Ministry of Housing, Communities & Local Government (MHCLG) has announced that councils in England will have more freedom on how they spend the money from homes sold through Right to Buy to help them build the homes needed in their communities.

The MHCLG press release states the “package will make it easier for councils to fund homes using Right to Buy receipts, including homes for social rent, and give them greater flexibility over the types of homes they provide to reflect the needs of their communities.

It will also give councils more time to use receipts and to develop ambitious building programmes. The government wants homes supplied using Right to Buy receipts to be the best value for money, and to add to overall housing supply, to help towards delivering 300,000 new homes a year across England by the mid-2020s.”

The press release goes on to note “New measures include:

- extending the time councils have to spend Right to Buy receipts from 3 years to 5 years
- increased cap on the percentage cost of new homes councils can fund from Right to Buy receipts raised from 30% to 40% per home, making it easier to build replacement homes
- allowing receipts to be used for shared ownership, First Homes, as well as affordable and social housing, to help councils build the homes their communities need
- introducing a cap on the use of Right to Buy receipts for acquisitions to help drive new supply.”
