Background Papers:	None.
Appendices:	 Cemetery and Burial Strategy (2026 - 2036) Cemetery Rules and Regulations (September 2025) Memorial Safety Policy Equalities Impact Assessment

1. Introduction and Background

- 1.1 Oadby and Wigston Borough Council has not previously had a formalised Cemetery and Burial Strategy. The benefit of the strategy is that it not only outlines the aims and ambitions relating to the maintenance and improvement of burial grounds but, provides an opportunity to look at the broader long-term possibilities.
- 1.2 The ethos and aims of the strategy are based on an understanding of best practise.

2. Issues, Options and Analysis of Options

- 2.1 Adoption of the strategy and the associated policies /procedures will address the fact that there is currently no Cemetery strategy in place and set out our ambitions for cemeteries and burials for the next ten years. We also want to ensure that policies relating to burials and memorials are clear, well communicated, and consistent. Providing a framework which enables the service to effectively manage our cemeteries and provide future focus.
- 2.2 A strategy that provides a clear direction of travel and guidelines for current management, helps to ensure that burial grounds are maintained and developed well. It also ensures consistency and provides an opportunity for strategic aims to be explored.
- 2.3 The aim is to provide cemeteries for Oadby and Wigston residents that are beautiful, peaceful and well used and to offer burial spaces that support a diverse range of cultural and individual needs. To ensure that our polices relating to burials and memorials are clear, well communicated, and consistent and to ensure that procedures for the purchase and use of burial sites and memorials are clear, efficient, and compassionate

3. Consultation

3.1 It is proposed that a public consultation will take place from 12 September 2025 until 31 October with a further report being submitted to this Committee on 2 December 2025.
